City of Wilsonville
Design Review Commission

To Whom It May Concern:

We are the fuel supplier for the Family Mart chain of gas station/convenience stores. Because of operational issues, we schedule fuel deliveries between midnight and four am. We have found that time of night to be much safer and more efficient for our drivers considering day time traffic. We expect to service this location in Wilsonville between those same hours.

If for some reason a delivery needs to be scheduled during the daylight hours when traffic is heavier, we will refuel this location with a smaller, 40–60-foot truck.

Sincerely,

Jason Cole

Director of Sales
